LINCOLN

P. F. C. Jerry Theriault visited his brothers, relatives and friends in Lincoln on a 10-day furlough previous to his transfer from Camp Blanding, Fla., to his present quarters, Company D. 172nd Infantry A. P. O. 43rd Div., Camp Shelby, Miss.

George Patterson resigned his position in the Finishing Department on March 13, to attend the National Defense Training School in St. Johnsbury, Vt., where he will study machinist work. Donald Conolly is taking his position as Stock Clerk.

We are all sorry to hear about Dick Hooker's recent automobile accident and hope that his serious injuries will not keep him down too long.

The boys in the Machine Shop sincerely hope that Mrs. Amie LaBrecque gets well soon. We say this because we think Amie is about the best fellow one 'could have for a friend.

Joe Temple had quite a hectic week trying to divide himself between No. 1 dam and Livermore Falls at the same time.

The Defense Council has appointed Ed Levasseur Assistant Fire Chief during air-raids. You will always find him home tooting on his sax or over at the Bowling Alleys with the Mechanics.

It is rumored that Harvey Bennett has recently purchased a pipe organ to give concerts with the band this summer.

Charles Burbank, Tim Hurly, Charlie Griffin, Jimmy Benoit, Joe Perault, Everett Kinney and Francis Gosselin have left their respective jobs for duties with Uncle Sam. We wish them the best of luck.

Louis Blanchard has professed old age and physical disability to be the reasons for his not attending the weekly meetings of the Directors of the "Four Aces" stock exchange.

The Mothers' Club gave a farewell party in honor of Elizabeth Patterson and on

receiving an appropriate gift she remarked that it was indeed a hardship to leave so many friends behind.

Fred S. Hall, former employee in the Laboratory, has been promoted to Captain in the Air Corps.

The Ladies' Department of The Parker-Young Store will have a complete line of spring merchandise for sale prior to Easter. Come and get your new Easter bonnets, or why not a whole new outfit?

Mr. and Mrs. Robert Roy are now occupying the rent vacated by Mr. and Mrs. John McInnis.

When we saw the carpenters at work in the Stockhouse we wondered whether Bill Canton was having another kennel constructed or a private bowling alley installed. But it turned out that office accommodations were being made for Misses Alfreda Harrington and Ellen Theriault, who will be there for the duration of the war.

Everett Kinney was the guest of honor at a party given by Mr. and Mrs. Jesse Kelley on the evening of March 14. Eight couples attended and presented Everett with appropriate farewell gifts.

Jim MacDonald was in Concord the week end of March 14 on business.

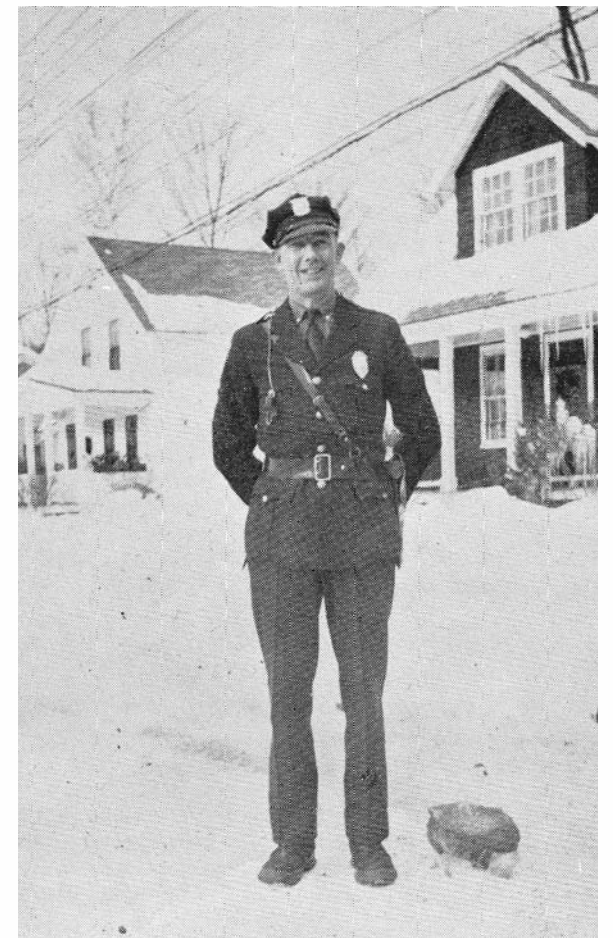

Miss Nellie Dowd has been confined to her home recently, recovering from a very bad cold.

Gertie MacDonald is now in training at the Boston City Hospital. The Office and Garage gave her a beautiful blue silk housecoat as a token of their esteem. Later, at a party at Govoni's, some of the girls presented her with a set of bookends and stationery, just as a reminder to write occasionally.

We are glad to see Ernest Edmonds back on the job again after being out over 5 weeks from a severe heart attack.

Joe Araldi has resigned his position with the Plumbing Shop to resume his studies and to teach music.

Tim O'Rourke has also resigned from the Finishing Department to go with George Patterson to St. Johnsbury, Vt.

**THE LAW IN LINCOLN
"TOM" LYNCH**

"Buffalo Bill" apparently was reincarnated in the person of Fred Boyle who was chased and severely frightened by one of those tame buffaloes in Corbin Park, Claremont. Luckily for Fred that there was a lumber pile handy and that he didn't have his snowshoes on.

We are wondering if anyone has dared to bet on Cy Stewart's bowling since one of our Wet Room foremen won his bet.

Louis Legassie, Merlin Magoon and Robert Chase spent a Sunday at Squaw Cove ice fishing. Ikey would like to know

In case of an air-raid during school, the children will be taken care of to the best of the teachers' abilities. The lower hallway will be used as a shelter where they are protected by walls of cement and are free from the danger of flying glass. Of the air-raid drills held thus far, it has been found that 35 seconds is required for the entire group to reach the shelter. Several boys are stationed in the upper halls, patrolling, in case of incendiary bombs being dropped.

The 1941-42 basketball season ended with the boys' team winning 3 and losing 10; and the girls' team winning 11 and losing 2.

On Saturday evening, March 7, John McInnis, Neil McInnis, Amedi Theriault and Nathaniel Bartlett sojourned to Lake Winnisquam for a week end of ice fishing. The only incident to mar a beautiful holiday was the loss of Stuff's valuable flashlight.
